

<b>Field Of Study</b>	<b>Educational Programme</b>
Mathematics and Mechanics	Discrete Mathematics and Mathematical Cybernetics
	Differential Equations, Dynamic System and Optimal Control
	Geometry and Topology
	Theory of Probability and Mathematical Statistics
	Analytical Mechanics
Computer and Information Sciences	Numerical Mathematics
	Theoretical Bases of Informatics
	System Analysis, Information Management and Processing
Physics and Astronomy	Instruments and Methods of Experimental Physics
	Condensed Matter Physics
	Laser Physics
	Theoretical Physics
	Heat Engineering and Theoretical Thermal Engineering
	Electrophysics, Electrophysical Installations
Chemistry	Inorganic Chemistry

	Physical Chemistry
Earth Sciences	Geomorphology and Evolutionary Geography
	GeoEnvironmental Science
Biological Sciences	Botanics
	Environmental Protection
	Physiology
	Immunology
	CellBiology, Cytology, Histology
Informatics and Computing Technics	Mathematical and Software Support of Calculating Machines, Complexes and Computer Networks
	Mathematic Modeling, Numerical Methods and Program Systems
Technosphere Safety	Safety and Security in Emergency Situations
Oil and Gas	Oil and Gas Field Development and Operation
Psychology Sciences	General Psychology, Psychology of Personality, History of Psychology
	Social Psychology
	Educational Psychology

	Developmental Psychology, Acmeology
Economics	Economics and Management of the National Economy
	Mathematical and Instrumental Methods of Economics
Sociological Sciences	Social Structure, Social Institutes and Processes
Law Studies	Theory and History of Law and State; History of Law and State Studies
	Civil Law; Entrepreneurial Law; Family Law; Private International Law
	Land Law; Natural Resources Law; Environmental Law; Agricultural Law
	Criminal Law and Criminology; Criminal Executive Law
	Criminal Procedure
	Criminal Studies; Forensic Expert Activity; Criminal Investigation
Pedagogical Sciences	General Pedagogics, History of Pedagogics and Education
	Theory and Methodology of Physical Education, Athletic Training, Health Improving and Adapted Physical Education
	Theory and Methodology of Professional Education
Language and Literature Studies	Language Theory
	Russian Literature

	Foreign Literature (Western Europe and the USA)
	Russian Language
	Languages of Peoples of the Russian Federation (Finno-Ugric and Samodian Languages)
History and Archeology	Russian History
	Archeology
Philosophic Sciences	Social Philosophy
Physical Education and Sport	Theory and Methodology of Physical Education, Athletic Training, Health Improving and Adapted Physical Education
Art Studies	Technical Aesthetics and Design
	Decorative and Applied Arts
